Mr. J. S. Boyles, Surveyor Harris County, Houston, Texas. Dear Sir:

On examination of two files on scrap land in the name of E. S. Charpiot it does not appear from the information at hand that any vacancy would be admitted. According to be patented field note: calls of the HESWIRY. curveys 3 and 4, it would appear that the se surveys would hold as excess all the territory between the boundaries of the surrounding surveys. Your attention is also called to the fact that No. 3 is patented calling for the some width as No. 4 while you have made it 115 yaras narrower than called for. In the absence of the identification of marked lines and corners on the ground as described in the patentes it appears that no vacancy should be admitted. If you have further evidence or information as the vacancies the same will have due consideration when presented.

Very truly jours,

Commissioner.

Mr. E. S. Charpiot. Humble, Texas. Dear Sir:-

Referring to your scrap files
Nos. 11703-4, being two tracts of land
in Harris County, surveyed for you under
Section 8 of the Act of April 15, 1905,
beg to say that same has been cancelled
for failure of the surveyor to furnish
the necessary information so as to enable
this department to properly pass on this
as to whether or not the vacancy exists.

Yours truly.
